

As MSD's executive director, Mr. Theerman leads one of the Nation's largest wastewater and stormwater management utilities, providing services to approximately 1.4 million people in the city of St. Louis and St. Louis County. Under his leadership, the MSD currently operates seven wastewater treatment facilities, treating an average of 330 million gallons of water per day and maintaining 9,649 miles of sewers.

Since joining others in founding NACWA 40 years ago, the Metropolitan St. Louis Sewer District has benefitted from its active engagement with the organization. A member of NACWA's board of directors since 2004, Mr. Theerman has served as the organization's secretary, treasurer, and vice president. It is fitting that his election as president coincides with the 40th anniversary of NACWA's advocacy on behalf of the Nation's clean water agencies—and the environment we all value so much.

Mr. Theerman is a great example of accountable and responsible leadership in my State. Under his able leadership, NACWA looks forward to proactively and effectively addressing the complex 21st century water quality challenges we face as a Nation.

On behalf of myself and the people of Missouri, it is my sincere pleasure to congratulate Jeff Theerman on his election as president of NACWA. I am certain his actions will ensure continued water quality progress for St. Louis, MO, and the Nation.●

#### RECOGNIZING MATHEWS BROTHERS

● Ms. SNOWE. Mr. President, today I recognize one of the oldest continually operating businesses in my home State of Maine that has been truly successful at adapting to the changing times. Mathews Brothers has been manufacturing high quality windows and doors in the coastal town of Belfast for over 156 years, showing that resilience, innovation, and hard work can overcome even the worst economic downturns in American history. Currently employing more than 120 individuals, Mathews Brothers provides a prime example of how small businesses can weather economic downturns to emerge stronger time after time.

Mathews Brothers was founded in 1854 as a sawmill and millworks company by brothers Noah Merrill Mathews and Spencer Walcott Mathews. Throughout the years, the firm has set out to add a variety of different products to its repertoire, from blinds and shutters, to coffins and spiral staircases. Today, the company uses state-of-the-art equipment and materials to produce traditional wood, vinyl and contemporary composite windows and doors out of its three manufacturing plants in Belfast, Rockland, and Bangor.

As continual innovators, Mathews Brothers launched Dream Kitchen Stu-

dio in 2008 as a separate division providing windows, doors, and kitchens to businesses, homeowners, and contractors throughout the Midcoast region of Maine. Indeed, the company has been breaking barriers and achieving a host of accomplishments from its inception, including being the largest woman-owned business in Maine at the start of the 20th century, as well as building the *Jennie Flood Kreger*, the largest and only 5-masted schooner ever built in Belfast.

In recent years, Mathews Brothers has sought to improve its business model by cutting costs while maintaining quality. Toward this end, they recently completed a two month train-the-trainer lean manufacturing initiative with the Maine Manufacturing Extension Partnership that instructed 116 employees and helped save the company at least \$75,000. In addition to this critical project, the company has sought to expand into overseas markets to sell its products, including participation in trade missions to Brazil, Korea, and Japan in the past several years.

Furthermore, Mathews Brothers maintains a strong commitment to our environment, as it recycles 100 percent of its scrap glass, vinyl, metal, paper, and cardboard from the manufacturing process. The company also uses a recycling glass washer, helping it save 67,000 gallons per month in water consumption. Leftover sawdust is sent to local farms for use as stall bedding, while scrap wood is sold off as kindling or firewood. The firm takes its role as steward of the land seriously through its membership in the Maine Chapter of the U.S. Green Building Council and the Maine Forest Products Council.

Mathews Brothers has also shown a continued commitment to its local community and actively encourages their employees to engage in community service activities. This commitment originated over a century ago in 1904 with then-President Orlando Frost's commitment to help start up the Waldo County General Hospital. Their employees still volunteer in the oncology department and eagerly participate in the hospital's annual fall oncology walk. Mathews Brothers' commitment to community service was on display again in 2007 when the company raised over \$7,000 to purchase phone cards for soldiers from Maine deployed in Iraq.

Not surprisingly, Mathews Brothers has earned numerous awards for manufacturing and customer service excellence. The firm was recently awarded the Maine Manufacturing Extension Partnership's Manufacturing Excellence Award in June 2010. The award recognizes the company's success in achieving world-class manufacturing status and implementation of best manufacturing practices to stay ahead of the competition, all while maintaining a commitment to loyally serving its customers and assisting the community at large. The company has also

received the Governor's Award for Business Excellence in 1994, and was chosen as the Belfast Area Chamber of Commerce's Business of the Year in 2007, among other distinctions.

While rising to the top of its field over the past century and a half, Mathews Brothers has never forgotten the community that helped it get there. Its consistent and enthusiastic endeavors to serve the community and its customers have not gone unnoticed, and I praise them for their efforts to modernize in the face of globalization, a process which has not been kind to American manufacturers. I thank everyone at Mathews Brothers for their philanthropic efforts and tremendous perseverance, and offer my best wishes for another 150 years of success.●
